### Handling and Storage of Aluminium & Stainless Steel Products

*Please be advised that whilst Bendworx Steelpro exercises all due care & attention, we offer no guarantee that aluminium &/or stainless product being received, stored, or handled on site will not be subject to damage such as scuffing, scratching, scoring, or contamination.*

*Whilst best efforts will be made to store aluminium & stainless materials indoors to keep dry, it is not always possible to do so due to space constraints.*

*As such we accept no liability or responsibility in this regard unless the damage is a result of obvious negligence by Bendworx Steelpro staff.*

*Signed*
